

AS TODAY'S WORKFORCE BECOMES  
INCREASINGLY MOBILE, OFFICES ARE  
TRANSFORMING INTO DESTINATIONS  
VALUED FOR THEIR SUPPORT OF WORK  
ACTIVITIES, HUMAN CONNECTION, AND  
COMFORT. PEOPLE SEEK INVITING SPACES  
THAT OFFER VARIETY AND CHOICE FOR  
CREATIVE WORK. THIS DIVERSE LANDSCAPE  
REQUIRES A RANGE OF SEATING NEEDS FOR  
BOTH COLLABORATIVE AND FOCUS WORK—  
AND SOCIAL INTERACTIONS.

## Maari

---

Maari is a family of seating with a warm aesthetic that artfully blends beauty, form, and function in a simple statement of line. Maari is everywhere—providing complete comfort for the variety of seated activities that occur throughout an eight-hour day. With its warm colors and materials, Maari brings balance to the workspace and fosters well-being for the people who work there.

## One Shell, Many Bases

Designed by Patricia Urquiola, Maari is based on a one-piece, delicately textured, molded shell—the same for all chairs. Its fresh, expressive design and discreet details let designers add personality and aesthetic continuity through finishes and colors. Maari offers numerous functional combinations to specify in almost any setting.

## One Chair, Many Spaces

Maari enables organizations to furnish many spaces with a family of seating—one of the largest in the market. From active work chairs to guest seating and stools, Maari fills ancillary spaces and beyond. Its versatile statement of line provides flexibility in specification for a breadth of application needs, making it adaptable to any space.

## Complete Comfort

Influenced by our knowledge of seat and back contours and Patricia Urquiola's design vision, Maari supports you physically in both focus and collaborative work modes. Maari active work chairs offer complete comfort without the complication of multiple adjustments, while its soft, organic shape provides the visual comfort that makes you feel at home.

## Design Choices

Choose from a mix of materials—wood, aluminum, and fabric—and a broad range of finishes for flexibility across a floorplate: nine shell colors, seven base colors, and three wood options. Create a monochromatic look with select colors by matching the shell, base, and arms.

### Invest in Business Success

As organisations grow and evolve, changing business strategies and employee needs impact space design. Europlan is your trusted partner to help fulfill your client's workplace vision while maximising their investment.
