

Pip™

Personal Laptop Table

HAWORTH

The playful Pip personal laptop table contributes to a warm, residential ambience, bringing a light and whimsical—yet functional—feature to the work environment. Pip complements lounge seating to address a variety of workstyle needs. It can be easily moved when you need a solid worksurface for a short duration. Use it in a wide array of settings, including corporate workspaces, hospitality environments, dorm rooms, student lounges, and at home.

Personal Workspace—Anywhere You Need It

Unlike attached tablet arms, the Pip table is a separate surface that can be placed wherever you need it. Lightweight and easy to maneuver, Pip is as efficient as you are. Its slim lines and warm, pleasing design allow it to fit just about anywhere, complementing the environment while adding functional personal workspace.

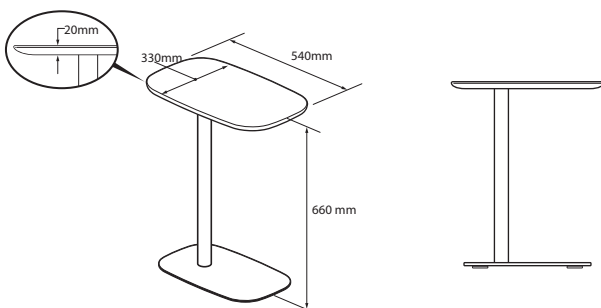

Features

Pip provides extra personal working space that can be easily moved wherever it’s needed. Designed by Patricia Urquiola, Pip incorporates materials and craftsmanship of high design, backed by the quality manufacturing you expect from Haworth.

Flat base and offset leg – Allow the Pip table to fit nearly anywhere and bring the surface comfortably to the user when seated.

Versatile – Works in a variety of settings, with function and design that complements corporate workspaces, hospitality environments, dorm rooms, student lounges, and home offices.

Statement of Line
