ROAM™

Designed by PLN Group

Roam Where You Want To

Today's agile teams need the freedom to choose where they work, based on the activity they're performing. When they come together, they need the right tools to collaborate, regardless of location.

Enter Roam - a multi-talented, mobile multimedia unit with a variety of accessories; Roam is your most versatile team member. Reconfigure it to make any space into a collaborative space. Roam has whatever you need, wherever you need it.

About

Roam is a mobile centre for multimedia presentations, communication, brainstorming and planning, space definition and storage. A full range of accessories make it easy to customise for your needs.

Easy to move and manoeuvre, Roam is designed for strength and stability as well as good looks.

Flat packs for shipping with quick and easy assembly.

Designed and developed in agile work environments.

Accessories

Roam has a range of accessories: TV attachment, acoustic pinboard, high quality whiteboard with built-in self-stand, board hooks, planter box, storage locker, laptop table, cable tidy, hanging storage box, book end. Accessories available for ordering individually.

Applications

Customise Roam to your needs - Move it wherever you need it, whenever you need it:

- Communicate via a multimedia presentation.
- Facilitate a brainstorming or planning session.
- Create a display wall, a biophilic experience, display and securely store belongings and equipment.
- Use as a visual and acoustic screen to define, divide or shield spaces.
- Group multiple units to create a wall or freestanding room.

Roam is ideal for open plan offices, meeting rooms, reception areas, breakout zones, presentation spaces and many more.
