Who are you **at work?**

The second product in the Hotbox family is Hotbox 2. Hotbox 2 encompasses everything we stand for: agility, style and individuality. Available with tactile fabric covers, Nexus or Camira Blazer, and in colours to reflect your personality, the easily portable Hotbox 2 makes intuitive use of space.

Not only does it include an integrated whiteboard, you can also store everything from your laptop, iPad, stationery, photographs, even the tiny cactus you have gradually bonded with. Hotbox 2's endless storage possibilities means it contains everything you need to work in different destinations with zero fuss.

Design your workspace wherever you are with Hotbox 2.

## Personalisation

We pride ourselves in giving you the ability to personalise your Hotbox 2 to suit your workstyle. You can select from our range of coloured fabric covers to compliment your personality. The centre divider whiteboard enables you to make quick notes on the fly. Our Slide on Photo Frame can be hung on your Hotbox 2 or stood on your desk with pride. Your Hotbox 2 comes with x2 Utility Pots to help you house your things and to help keep organised. Lastly, we have a range of coloured fabric Pencil Cases to match or compliment your choice of cover.

## Ease of Use

Our Hotbox 2 has been developed with your needs and ease of use in mind. Hotbox 2 features a side pull handle to help you pull your Hotbox 2 from your locker and a business card holder for easy identification. It features a soft grip handle and optional shoulder strap, with a Surrey Blazer pad enabling you to move your Hotbox 2 with ease and comfort. Once at your desk, you can open your Hotbox 2 and the cover will act as a protective mat for your desk.
