

X99®

The family that works together

Created from equal parts of style and functionality, the X99 family answers every seating need. Achieve excellence through synergy. Harmony through unity.

Works better

X99 works more like a partner than a piece of furniture. Supportive. Active. Familiar. It was designed and engineered for one body type. Yours.

Achieves more

You don't get to the top without using your head. The X99 executive chair incorporates a contoured headrest for superior comfort and support.

And put your guests at ease without speaking a word. The X99 guest chair levels the playing field by raising the standard.

Responds to needs

Whether on casters or glides, the X99 seminar chair ingeniously nests, conserving floor space and maximizing storage capacity. The reclining back provides the ability to sit comfortably for longer periods of time. Add the swivel 5-star base and height adjustability of the advanced seminar chair and enjoy the ultimate comfort in conference seating.

with style and comfort anytime, anywhere

However you dress it up, X99 provides a sophisticated look and maximizes comfort. From the refined chenille polyfilament soft mesh, to luxurious leather, to the fabric of your choice X99 is guaranteed to complement any style and beautifully coexists with any furniture system or environment. Its subtle elegance brings a touch of class to any space.

Systems Compose® Fabric Haworth, Shimmer, Mirror Trim Champagne Wood Ebony Task Seating X99, Fully Upholstered Leather, Conference Seating X99 Advance Seminar, Luna, Metallique, Argent; Mesh Fog.

accommodating everyone

Stimulate your body and mind with a chair that is both captivating and stylish. Designed and engineered for a global environment by Haworth, Comfarto and Germany's ITO Design, X99 maintains the highest level of performance. The exhilarating ride is highly responsive to all body movements, and every personal adjustment has been precisely engineered. A brilliant integration of design with performance.

3-dimensional arms adjust in height with arm caps that slide and pivot, providing maximum support.

The height-and-depth adjustable lumbar is masterfully integrated into both soft mesh and full upholstered chairs.

The loop arm is a perfect fit for any general seating application.

The tuck-away tilt tension flips out for easy access, and stores neatly away when not in use.

The 3-position seat-depth adjustment supports people of different sizes. Position 1 is being shown.
