FIT Visitor Chair

Versatile Seating for All

The Eden Fit Visitor Chair is a versatile seating solution designed for strength, comfort, and durability. Its lightweight yet sturdy frame makes it ideal for a wide range of environments, including offices, homes, community spaces, and healthcare facilities.

Featuring a generous supportive seat, a high-positioned backrest, and high-endurance foam padding, Eden Fit ensures lasting comfort for every user. The chair is stackable for easy storage and includes full-support armrests for added convenience. Upholstered in standard vinyl in charcoal grey, it offers a professional finish and easy maintenance.
