

Silo Coffee Table

Sleek. Strong. Silo Style

The Silo Coffee Table is part of ISSA's premium Silo range, crafted to meet the demands of modern commercial environments. Proudly designed and manufactured in New Zealand, its fully welded base ensures exceptional strength and longevity, making it ideal for high-traffic spaces.

Choose from mild steel for indoor applications or aluminium for outdoor use, both finished in a durable powdercoat. Standard colours include Matte Black Texture and Mannex White, with custom colours available for a truly bespoke look. Adjustable glides come standard, providing stability on uneven surfaces.

Perfect for offices, hospitality, and public spaces, the Silo Coffee Table delivers a sleek designer aesthetic without compromising on performance. For more details or to customise your order, contact an ISSA sales representative today.
