

Skala bar Stool

Comfort Meets Modern Design

The Skala Stool combines sleek design with robust construction, making it ideal for modern commercial spaces. Featuring a high-pressure laminate birch shell and an upholstered seat pad, it offers both comfort and durability. Choose from standard Black or White vinyl, or customise with your own fabric for a tailored look. The frame comes in Chrome or Black powdercoat as standard, with White and other colours available at an additional cost. Solid legs provide extra strength, ensuring long-lasting performance. For fabric meterage and designer options, contact an ISSA sales representative.
