

# KonexUS

## Smart Power, Simplified Access

KonexUS delivers fingertip access to power and charging in a sleek, ergonomic module designed for modern workspaces. Featuring auto-switched power and advanced options like USB-C 100W PD fast-charging, it ensures efficient connectivity for all your devices. With a low install profile of just 76.5mm, KonexUS is perfect for soft seating, collaborative spaces, hot desks, and workstations requiring Power, USB Charging/Pass-through, Data, and HDMI. Simple to install and built for versatility, KonexUS is the ultimate solution for integrated power and technology.
