

# Sprint Office chair

Dynamic Support. Sleek Design

Sprint is a value-focused task chair that combines contemporary styling with ergonomic comfort. Featuring a simple synchro mechanism for smooth tilt movement, gas-lift height adjustment, and tilt tension control, Sprint is designed for all-day support. The contoured mesh backrest offers breathability with subtle lumbar support, while the high-resilience foam seat ensures lasting comfort.

Upholstered in smart black polyester fabric as standard, Sprint can be customised with alternative fabrics and options such as fixed-height armrests, polished aluminum base, HighLift with footring, or alternative castors. Backed by a 5-year warranty and GreenGuard Gold certification, Sprint is the perfect blend of style, durability, and flexibility for modern workspaces.
