

# Summit meeting room chair

## Meeting and Touchdown Seating

The Summit chair is a premium seating solution crafted for contemporary workspaces. Featuring elegant modern styling, it combines a sheer mesh backrest for breathable support with a generously upholstered seat for all-day comfort. Full-support armrests enhance posture, while the lockable floating tilt mechanism and gaslift seat height adjustment provide flexibility and ergonomic control. Upholstered in New Zealand to order, SUMMIT offers a wide range of fabric options, including medium-weight fabrics with multi-directional stretch, vinyls, and hygiene-friendly coverings rated for heavy commercial use (40,000+ Martindale rubs).

With a backrest measuring 420 mm (H) x 450 mm (W), a seat size of 480 mm (W) x 470 mm (D), and an adjustable seat height from 420 mm to 560 mm, Summit is designed for comfort and adaptability. The chair's maximum width, including castors, is 750 mm, ensuring stability without compromising style. Built for durability,

Summit is backed by a 10-year warranty under normal commercial use and supports a recommended maximum user weight of 140 kg. Certified GreenGuard Gold for low chemical emissions, it meets stringent health-based criteria for safe indoor environments, making it ideal for offices, schools, and healthcare facilities. Made in Italy and finished locally, Summit delivers exceptional quality, environmental responsibility, and sophisticated design.
