

Cove™ Desk Dividers

Privacy. Quiet. Focus. Cove.

Cove™ is the smart, simple solution for creating quiet, private workspaces in open-plan environments. Designed for effortless installation, Cove™ slides onto standard desks and tables without tools or fixings, instantly transforming shared spaces into personal zones. Its acoustic properties help reduce noise distractions, while the pinnable surface allows for easy personalization.

Available in three elegant profiles—Classic, Arc, and Bevel—and a wide range of colors, Cove™ combines functionality with style. Made from 100% polyester fibre (PET), it's carbon neutral, locally manufactured, and fire-rated to ISO 9705 Group 1-S for safety. At 24 mm thickness, Cove™ delivers durability and acoustic performance that varies by design (refer to data sheet for details).
