

# Zip

## Refined Guest Comfort

ZIP is a smart, versatile linkable chair designed to meet the demands of meeting rooms, waiting areas, training spaces, and community environments. Combining comfort, durability, and flexibility, ZIP is an ideal solution for spaces that require frequent reconfiguration and efficient storage.

Featuring a supportive upholstered seat and back upholstered in durable black polyester fabric, ZIP provides reliable comfort for everyday use. Its strong steel rod sled frame offers excellent stability, while the integrated linking feet allow chairs to connect seamlessly for organised layouts and neat row seating.

Practicality is at the core of ZIP's design. The chair stacks up to 6 high, or 20 high on a trolley, making transport and storage effortless in multi-use spaces. Finished with a black frame and built for long-term performance, ZIP supports users up to 140kg and is backed by a 10-year warranty for normal commercial use.

A dependable, space efficient seating solution, ZIP delivers flexibility without compromising on comfort or strength.
