Personal Storage Unit Lockers

Steel locker systems for office storage

The PSU is manufactured from steel and fully powder coated in white. It is lockable and supplied standard with a camlock and comes with an array of internal configurations for increased flexibility.

It comes in a 4-door or 6-door format and can be customised to suit your own unique storage requirements (minimum order quantity applies).

They are suitable for activity-based and agile working styles, or as end of journey storage and offer users substantial and secure compartments for personal belongings and work equipment. The PSU features a clean and contemporary aesthetic with concealed fixings and hinges making it ideal as a personal storage option on open plan floor plates and workspaces.

Europlan proudly stocks globally renowned storage brands such as Yellowbox, Hotbox, and PSU.
