

Slider

Office furniture storage systems

Slider is a high quality workplace locker, an ideal storage unit for any work environment. This locker solution comes with a sliding door and a compact footprint, optimising space usage in any office setting. Featuring perforated patterned doors, Slider can be enhanced with acoustic materials to absorb noise, ensuring a quieter environment in bustling workspaces.

Europlan proudly offers a wide selection of office furniture storage solutions from globally renowned brands such as Yellowbox, Hotbox, and our very own Personal Storage Unit (PSU).

Discover the convenience and efficiency of Slider for your office storage solutions.

Explore Europlan's full range of office locker systems, locker cabinets, and metal lockers, designed to provide safety and secure storage for your team's belongings. Whether you need storage for bikes, clothing changes, or end of journey storage, our design-led solutions ensure that your office space remains organised and secure.
