Certifications

- BIFMA Certified
- Greenguard Gold Certified: Certified for low chemical emissions. Frequently required in schools, healthcare facilities and Green Star projects.
- AFRDI Level 6 Certification: Tested to the Heavy Commercial standard, the top general-use rating, suited for high-traffic public, institutional and educational environments.
- Indoor Advantage Gold
- iF Design
- GECA

Sustainability

The seat and back pad of the Bowi can be completely refurbished in case the upholstery needs to be repaired due to stains or general wear and tear. This avoids wasting the plastic body of the Bowi. When it is reupholstered around two thirds (67%) of the products emissions are saved in comparison to disposing and purchasing a new product.

That's why Bowi sits inside Europlan's product stewardship programme, alongside our Toitū Envirocare partnership and ISO 14064 carbon measurement.
