

Gathering Table by NOMI

Hand crafted simplicity

The Gathering Table continues NOMI's trend of developing hand-crafted timber furniture that can be customised to suit unique space requirements.

Gathering Tables are ideal for residential, commercial, and hospitality environments, with a robust, simple design. They are as suitable for meeting rooms and break-out spaces as they are for the dining room.

Designed to be configured, the endless system allows you to create tables in any length in three standard heights.
