

BuzziNest Pod

Office pods for noise reduction, conference calls, meetings and focused work

Available in a range of different colours and fabrics, the BuzziNest Pod can be customised with high-quality add-ons. Add a table and turn it into an office desk pod. However you want to use it, the BuzziNest pod enhances work/meeting spaces in all office environments.

BuzziNest Pod is equipped with a top-of-the-line fresh air ventilation system, which takes air from the top and pushes air inside, down, and out through the bottom. Once you step inside, the fans engage at full capacity. In addition, a motion sensor LED ceiling light turns on when BuzziNest Pod is in use and off when it's not occupied.

Dimensions

Height	2180mm
