

Monsoon Modular by Europlan

Elevating Office Spaces

Monsoon Modular by Europlan comes in high-backed and low-backed options. The high-backed option offers an elevated level of support, providing comprehensive coverage for the upper back and neck. This design is particularly beneficial for users who prioritise additional spine and neck support and promotes a more upright and ergonomic seating posture.

The low-backed option delivers a more contemporary and relaxed aesthetic, offering freedom of movement and a casual seating experience. With a lower backrest, it encourages a laid-back posture, making it ideal for informal collaborative settings or spaces where a more relaxed ambience is desired.

Europlan proudly stocks the globally renowned furniture brand, Haworth. Experience the best office seating in NZ and explore our office furniture showrooms full of comfortable seating solutions, located in Auckland, Christchurch, and Wellington.
